

PLS 196

pea, english

196 is a long podded, late season, dark blue vined variety. This variety has a strong pod set consistently setting 2 pods per peduncle while occasionally setting a 3rd that helps to boost yields. Its strong field tolerance to downy mildew ensures good pod-fill of quality berries.

FEATURES

- Disease resistance to Fusarium Wilt Races 1 & 2, Powdery Mildew, & Downy Mildew
