

MIRO F1

Eggplant

About:

Miro F1 is a very high yielding cylindrical white eggplant. This variety gives an early and very high total yield. It produces 3 to 4 fruits per internode. Its outside doesn't turn brown quickly and stays white for a long time. Miro is ideal for pickling.

FEATURES

- Pure white fruit
- High yielding

TRAITS/ DISEASE INFO	DESCRIPTION
Approx. Days to Maturity	Early
Plant Height	Medium- Tall
Fruit Size	
Fruit Shape	Cylindrical
Fruit Color	White
Spine Development	None
Firmness	Firm
Uniformity	High
Yield	High

The above recommendations are based mainly on the breeders experience in overseas growing conditions. No liability can be given for their application and use, which will depend on the adaptation to local conditions and phytosanitary regulations.

MIRO F1

Eggplant
