

# MAGNÙSA™ 15 YELLOW F1

tomato, hanging

Magnùsa™ is our series of vigorous, bushy tomato plants with various fruit sizes. This series is excellent for markets where large plants and continuous growth are preferred. The Magnùsa™ series is easy to grow and has a high yield of great tasting tomatoes.

The Magnùsa™ 15 Yellow F1 is a container plant for balcony and terrace, but also great in the garden. Continuous production of yellow fruits.

## FEATURES

- 7" pot size
- Regrowth after first harvest
- Crop time from young plant until red fruit is 11-13 weeks
