

MAGNÙSA™ 25 RED F1

tomato, hanging

Magnùsa™ is our series of vigorous, bushy tomato plants with various fruit sizes. This series is excellent for markets where large plants and continuous growth are preferred. The Magnùsa™ series is easy to grow and has a high yield of great tasting tomatoes.

The Magnùsa™ F1 - 025 is the little brother of the Magnùsa™ F1 - 100. It has a trailing growth habit, excellent branching and does not need any pruning or pinching. The Magnùsa™ F1 - 025 produces shiny, red, cocktail-sized tomatoes the whole season. The weight of an individual tomato is between 20-30 g / 0.7-1 oz and its brix is around 9.

FEATURES

- 7" pot size
- Regrowth after first harvest
- Crop time from young plant until red fruit is 11-13 weeks

CULTURAL SHEET
